Dear Industry Partners,

On behalf of the American Osteopathic College of Dermatology (AOCD), we invite you to partner with us for the 2026 Spring Meeting in Orlando, Florida. This year's meeting marks a new and exciting chapter for our organization, as we present

"AOCD 2026: Building on a Foundation of Excellence"

The AOCD is the premier specialty organization of the 800 osteopathic dermatologists in the U.S. Our community is comprised of more than 500 Fellow members and 100 resident members. We are dedicated to maintaining the highest standards in the practice of dermatology and promoting the specialty on a national level. The conference delivers a robust educational program with 24 hours of credit with engaging, relevant, and actionable topics, delivered by the nation's top dermatology thought leaders.

The 2026 Spring Meeting is the premier opportunity for industry to engage with our members, dermatology residents, and students. We have designed our sponsorship opportunities to provide maximum value and engagement with our attendees through an expansive exhibit hall, multiple product theaters, and three separate networking receptions. This includes a program specifically for residents and students to meet with program directors and faculty.

We look forward to seeing you in Orlando as we "Build on a Foundation of Excellence" together!

Regards,

Francisca Kartono, DO, FAOCD, FAAD
President, American Osteopathic College of Dermatology
